10. Any two of: 3 dimes; 6 nickels; 2 dimes + 2 nickels; 1 dime + 4 nickels.

TEACHER NOTES

Skip counting play coins is a concrete bridge to reading balances in ClassCents. Have students build their current class balance in nickels and dimes, skip counting aloud as they go. Supports Ontario B1.1 (whole numbers to 50) and F1.1 (Canadian coin values to 50¢).
